

Add Website as Tile on Tablet Home Screen (Chrome):

- 1) Go Chrome app.
- 2) Type support.nvoq.com/mvtrain in the search bar:

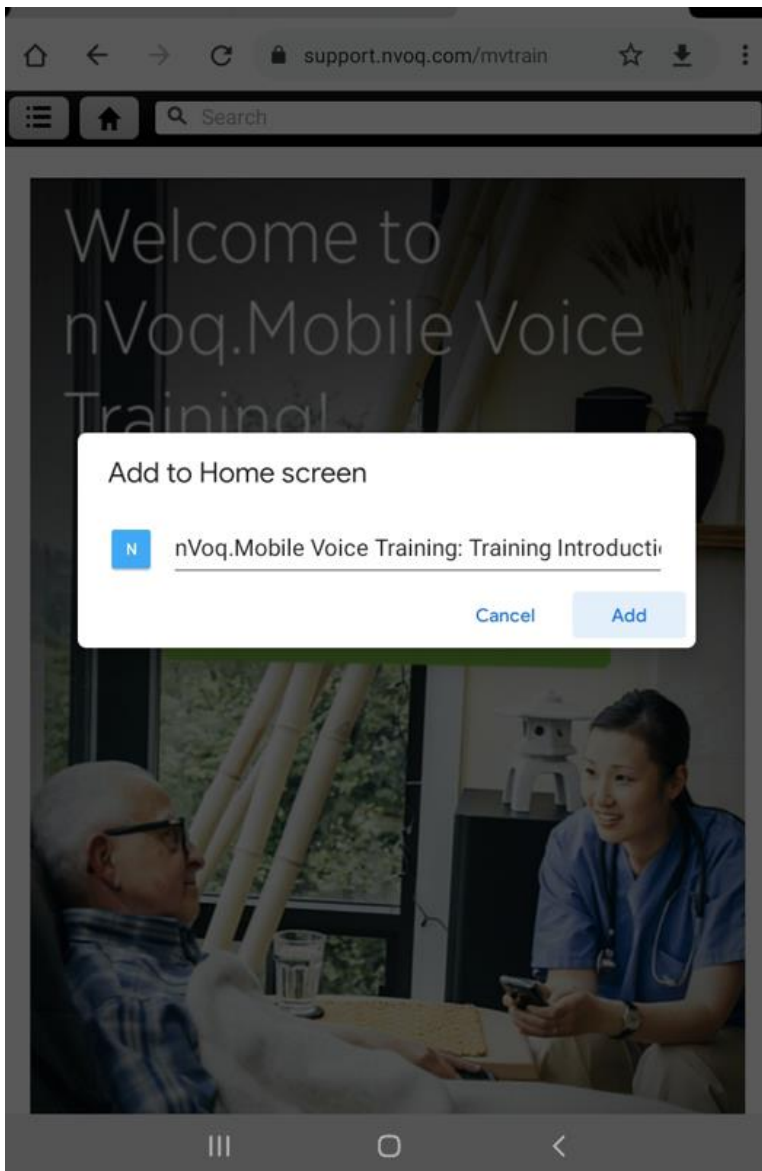

- 3) While on the home page of the Mobile Voice training click the three dots stacked in a vertical line and select Add to Home Screen:

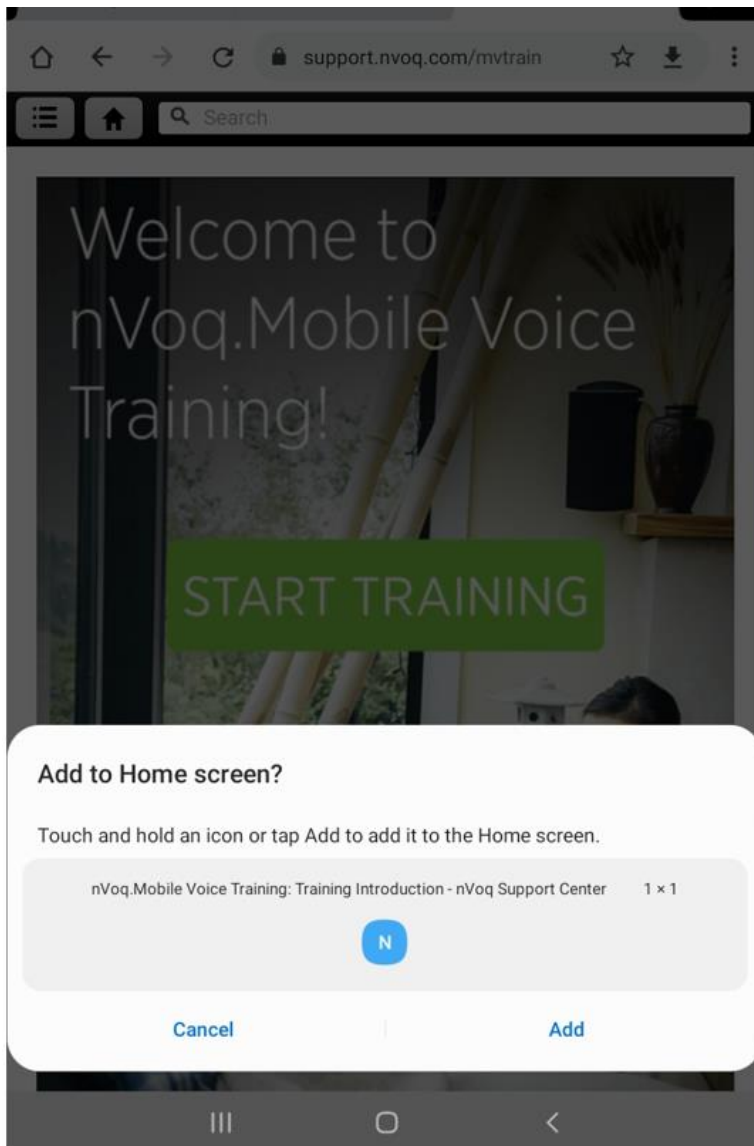

4) This will then pop-up, you can either edit the name or select Add:

5) This will then popup select Add again:

6) You will then see the new tile on the home screen of the tablet:
