BrassRing Onboard

Client Reminders

Client reminders remind clients of recently distributed important notices and links to comprehensive documentation and training for the special features recently introduced.

This document presents changes for the **November 2020 release of BrassRing Onboard**:

- US Staging - November 5-6, 2020
- US Production - November 13-15, 2020

[Searchable PDF Release Notes](#)

In addition to the existing link in the BrassRing Onboard Downloadable PDF Release Notes topic to a PDF version of the release notes, the major enhancements were added to the topic, making them searchable.

Access the [Downloadable PDF Release Notes](#) topic to view (for each release) a summary of the major enhancements, and also access a PDF version of the release notes.

Visible Changes

Visible changes alter the appearance or performance of the product without requiring any configuration. The changes are immediately visible or available to users.

Manage New Hires: I9 Additional Information Field Enhancement

In **BrassRing Onboard Manager**, on the **Manage New Hires** page, there is a field named **I9 Additional Information**.

Users can update the I9 Additional Information field for a completed I-9 Section 2. I-9 Section 3 approvers can add notes into the Additional Information field.

The I9 Additional Information field is searchable and updatable. With this release, it is also exportable and reportable.

Branding: New Default Background/Login and Hero Images

As part of efforts to improve Talent Suite branding designs and user experience, there will be enhancements to out of the box images to improve the overall style in Talent Suite applications. Newer default images for the background/login and hero images are provided.

New Background image and Dashboard Hero image (default):

New BrassRing Onboard Hero image (default):

Depending on the branding you have configured, there may be a visible change inherited. There are three possible scenarios.

1. For customers who wish to continue with existing custom branding.

If you have implemented your own branding, using images/logos of your choice, no action is required should you wish to continue using your current branding. You will see no visible change following the November release.

2. For customers who use the existing default branding provided by Talent Suite and intend to use the new default branding provided by Talent Suite.

There will be an automatic visual change in the November release as the new branding default will replace existing. No action is required on your part with changes and adaptations to new images inherited.

3. For customers who wish to continue with the existing default branding provided by Talent Suite.

If you currently use the default branding images provided by Talent Suite, and wish to continue using these, please download these images, [Background - Hands](#) and [Background - 3 People](#) to your local computer.

Tip: To save the image, right-click and select **Save Image As**.

These can be uploaded to be reapplied again as custom branding by following these steps:

For the Background Image

As an Admin,

- a. Navigate to **Admin > Branding > Theme – Images**.
- b. Locate the specific saved image to add as the login/background page for your tenant by browsing for the image under **Upload background Image** and upload the image.

c. Select **Apply** then **OK**.

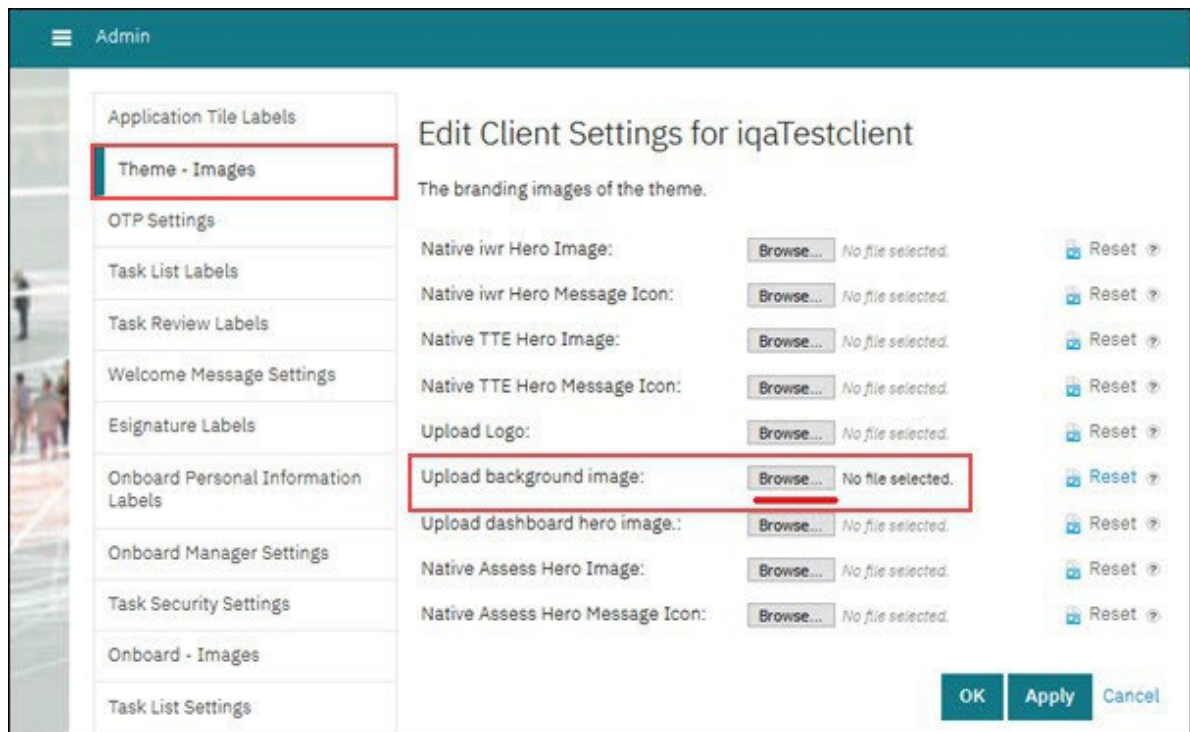

Figure 1. Upload background image

For the BrassRing Onboard Specific Hero Image

As an Admin,

- Navigate to **Admin > Branding > BrassRing Onboard – Images**.
- Locate the specific saved image to add as the hero image page for your tenant by browsing for the image under **Upload hero Image** and upload the image.
- Select **Apply** then **OK**.

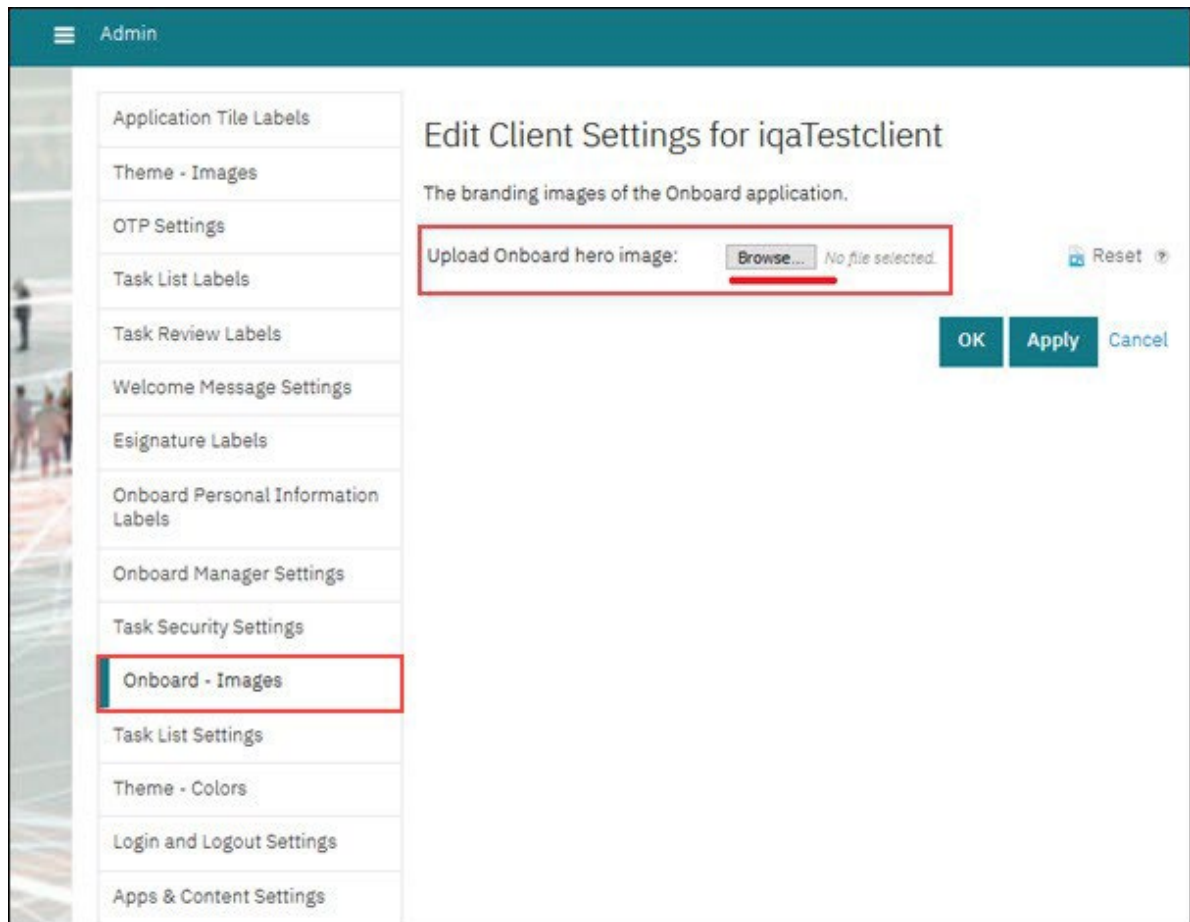

Figure 2. Upload BrassRing Onboard hero image

When to do this action by?

Immediately following the release windows on these dates listed in the following table.

Table 1. November Release Window Dates				
Month	US Stage	EU Stage	Production - US	Production - EU
November 2020	Thursday 5th Nov	Thursday 12th Nov	Saturday 14th Nov	Friday 20th Nov

Browser Support: Internet Explorer (IE) 11

Microsoft will **drop browser support for Internet Explorer (IE) 11** at the end of November 2020. Microsoft Edge is supported.

Refer to the [BrassRing Onboard Browser Support](#) section in the Supported Browsers and Languages Guide for browser details.

Configurable Changes

Configurable features must be configured or enabled to be visible and available to users.
